DEKKO WINS LANTAO HANDICAP: MR. TANG INJURED IN SAME RACE

Boolat Bay Disqualified, "Boring" Protest Sustained

FEW UPSETS, AT SIXTH "EXTRA" DESPITE TRACK

Ticket 136147 Wins Over \$80,000 In Special Big Sweep

MAIN INTEREST FOR MOST PEOPLE IN THE SIXTH EXTRA RACE MEETING at Happy Valley on Saturday—last meeting for the first half of the season—was the running of the Lantao Handicap, which carried with it the big \$80,000-odd first prize for the special \$1 sweep.

Nor were the people who attended, though they may have been by the very poor weather conditions, disappointed, for, in addition to seeing Dekko (not amongst the three most heavily-backed ponies) win to give the lucky holder of ticket No. 136147 the sum of \$83,843.20, they had the additional thrill of watching a bad spill involving two mounts.

Two jockeys came down in this mishap, but, whereas Mr. Y. T. Fung on Gold Sovereign was fortunate enough to get off unscathed, Mr. S. W. Tang was badly hurt, sustaining serious injuries to his ribs and collar bone.

Beyond the disqualification of Boolat Bay, recently bought by Mr. S. W. Lee, and ridden by him, for alleged boring after it had passed the post a short head in front of Laughing Girl (Mr. S. C. Liang), in the West River Handicap, there was little else of note in the meeting.

The track was, of course, very heavy, but there was nothing at all in the way of sensational dividends. The best were Poconos' \$66.60 in the opening event and Boolat Bay's \$69.70 in the race already referred to. The "Daily Double"—Violet Queen and Expansion Time, paid \$4.00.

Messrs. A. W. Raymond, S. C. Liang and V. V. Needa shared jockey honours.

CARPENTARIA HANDICAP
Mrs. Dunbar's Poconos (Mr. Black) got off to a good start in this half-mile sprint, stayed ahead throughout and got home two lengths ahead of Amber II (Mr. B. L. Tao) to pay backers \$66.50 for a win—a good start for the meeting.

Ajax, Mr. A. W. Raymond up, was a length behind the second pony, the efforts of Mr. R. L. Boddy on Tarzan to get a place falling by about half a length.

Mr. C. Encarnacao on Southern Star had the misfortune to get off to a wretched start and was always trailing in the rear.

NANLING HANDICAP
This was a rather eventful, though slow race. Mr. G. Trevorton on Greep Bay got off to a good start and held the lead for over half the distance. Then Wild Bear (Mr. H. C. Pih) Phoenix (Mr. S. C. Liang), Sports Venture (Mr. B. L. Tao) and Gallant Marshal (Mr. Hearne) began moving up.

Down the straight the field was divided into two bunches, with only one of the first six a possible winner.

YANGTSE HANDICAP
There was nothing in this event. Four ponies lined up. Mr. Pih on Peaceful View took the lead from the start and kept it throughout. At the finish there were five lengths between it and Galveston Bay (Mr. Black).

Blue Diamond (Mr. A. W. Raymond) was many lengths behind for third, Jillian (Mr. S. L. Yuen), being nowhere.

3.—Yangtze Handicap (6 Furlongs)
Mr. Lan's Peaceful View, 168 lbs. (Mr. H. C. Pih) 1

COLONY NAVAL VOLUNTEER FORCE

Sweeping Changes In New Bill

The Hongkong Naval Volunteer Force is to become part of the Royal Naval Volunteer Reserve, and in a case of emergency the officers and men may be called upon to serve in the Royal Navy outside of Hongkong.

The local volunteers will become subject to the measures of the Naval Discipline Act, except that they will not be liable to corporal punishment, nor shall an officer be subject to detention.

Sweeping changes are contained in a new bill published in the "Government Gazette." The new measures will amend the Naval Volunteer Ordinance of 1933, and its principal terms are as follows:

The Governor in Council may provide, either in conjunction with any other colony or not, for maintaining and using vessels of war.

The Governor in Council may, by agreement with such other colony, if any, offer to place at His Majesty's disposal for general service in the Royal Navy any vessel of war so provided.

Officers and men of the Force are liable to service and training in any ship establishment or other place without the limits of the Colony or its territorial waters whether belonging to the Colony or not.

Discipline

All the enactments and regulations for the time being in force for the enforcement of discipline in the Royal Navy shall apply, with modifications set out in the Schedule to this Ordinance, to the officers and men of the Force during such period as they are under instruction, whether ashore or afloat or within or without the limits of the Colony.

All or any of the officers and men of the Force may be entered on the express terms of accepting general service in the Royal Navy in emergency, and officers and men so entered shall form part of the Royal Naval Volunteer Reserve under the designation of the Hongkong Royal Naval Volunteer Reserve.

The Governor in Council may offer to place at His Majesty's disposal for general service in the Royal Navy such officers and men of the Hongkong Naval Volunteer Force as have been entered on terms of accepting such service.

No Corporal Punishment

There are some interesting variations to the Naval Discipline Act, and the King's Regulations and Admiralty Instructions, among others being the deletion of the words "corporal punishment", and the inclusion of a clause which provides for the imposition of fines. Section 53 of the Naval Discipline Act is also amended so as to read: "No officer shall be subject to detention."

It is also provided that except in the case of mutiny, no sentence of a court martial shall be carried into execution unless confirmed by the Governor.

It is emphasised in the objects and reasons of the bill, that although in a time of war, emergencies might arise necessitating the temporary employment of the Naval Volunteer Force away from the waters of the Colony in the interests of the more effective prosecution of the war and so indirectly of the defence of the Colony and that function will always be kept in view.

With regard to training outside the water of the Colony, it will be appreciated that to confine the movements of the Force to the comparatively restricted limits of Hongkong's territorial waters would be prejudicial to effective naval training. It is not contemplated that training would be carried out at such a distance from the Colony as would result in serious interference with the civilian duties of the members of the Force.

ROMANCE AND RHYTHM

Check your dignity at the door when you go in to see "Romance and Rhythm" at the Majestic Theatre. Comedies don't come any funnier than this musical saga of a cowboy who never rides the range because he's scared to death of horses.

With the exception of a few sentimental interludes and some musical moments every minute of this production, which features Pat O'Brien, Dick Powell and Priscilla Lane, has at least fifty-nine seconds of hilarious comedy with the result that the opening day audience roared with laughter almost continuously from the first scene to the last.

Oi! Yells The King

Laughing happily, swaying from side to side to the music's rhythm, the King and Queen shouted enthusiastic "Ois" as they sang the "Lambeth Walk" at the Victoria Palace, London, on May 1.

On the eve of their visit to the United States, they had made last-minute arrangements to see "Me and My Girl."

Great Ovation

It was not until someone at the back of the gallery shouted: "Isn't that the King and Queen?" that the audience knew that their Majesties were in the theatre.

When it came to the famous song the audience took their cue for the "Ois" from the King and Queen, and when it was over audience and cast joined in giving their Majesties a great ovation.

At each "Oi!" the Queen flicked her thumb back in the approved Lambeth fashion.

Rocked with Laughter

The Queen, dressed all in white, with a fox fur cape over a white satin gown, and with diamond earrings and two white flowers in her hair, acknowledged the rousing cheers which filled the theatre.

During the interval the King—who had rocked with laughter right from the time when the curtain went up—requested that Lupino Lane be presented to him.

Glamour Girls' Position In Hollywood Is Being Threatened

They say the movies are a woman's game, but the advantage long held by the "glamour girls" over the mere masculine players in the film industry is being threatened at last. Hollywood is in the midst of a cycle of "Man's pictures," in which the female of the species is only incidental.

Witness "Geronimo," Paramount's pictorialisation of the army campaign against that Apache war lord who terrorised the south west in the '70s and '80s, costing the Government \$41,000,000. Preston Foster, Andy Devine, Ralph Morgan, William Henry and Chief Thunder Cloud head the cast. Biggest of the feminine roles is played by Ellen Drew who has one scene at the beginning, one in the middle, and a flash at the end.

Joan Fontaine, feminine lead in "Gunga Din," had even less to do, while Douglas Fairbanks, Jr., as her boy friend, Victor McLaglen and Cary Grant monopolised the picture.

Susan Hayward, a piquant newcomer to pictures, plays the girl Gary Cooper left behind him in William Wellman's "Beau Geste." She's introduced at the beginning, and then dropped until the very end, when Cooper returns to her arms. Main part of the picture is played 3,000 miles away from where she's supposed to be.

"The Last Frontier" Cooper's next will be "The Last Frontier," which Henry Hathaway will direct for Samuel Goldwyn. The girl hasn't been cast yet, but whoever she turns out to be, Cooper will leave her behind him when he goes off to the wars in the Philippines, main locale of the picture, and not see her again till the final fadeout.

"Stanley and Livingstone," scheduled for Don Ameche, at Twentieth Century-Fox, "won't matter much to the girl, either. When Ameche goes Livingstone-hunting in the jungles of Africa, it will be strictly a stag affair.

"Each Dawn I Die" Warners' "Each Dawn I Die" co-stars James Cagney and George Raft, and most of it takes place far from all women—in prison. Jane Bryan is outside waiting through three quarters of the film.

Then there's the forthcoming Frank Lloyd opus, "Ruler of the Seas," dealing with the development of steamships. The feminine lead in this will be of minor importance also.

In "Dawn Patrol" the feminine element was completely lacking—as was the case in "Boys Town." Both these films were outstanding entertainment.

So this is one cycle which the ladies seem to be sitting out!

INJURED PRIDE

NANCY KELLY'S SCHOOLDAYS

Speaking of things injured, one is reminded of Nancy Kelly's pride. It suffered when, on arriving in Hollywood, she learned that despite her grown-up roles she would have to conform to all the rules and regulations of the California State Board of Education—a tutor on the set, regular hours for lessons.

Nancy, by the way is the piquant little heroine of 20th Century-Fox's "Submarine Patrol."

Recently she took a final examination on her high school studies, passed with flying colours and congratulated herself that her adolescent humiliations were over. She was too hasty. There's another State law that governs the employment of minors.

Until Nancy attains the ripe old age of 18, on the twenty-fifth of this month, a State officer will sit beside her, watch in hand and make sure that her working hours are within the law.

WEDDING BELLS IN KOWLOON

Mr. A. T. Godfrey & Miss C. I. Mellor

In the cool of Saturday morning Miss Constance Irene Mellor was married to Mr. Alfred Trevor Godfrey, in St. Andrew's Church, Kowloon, at 10 o'clock.

The Rev. J. R. Hicks performed the ceremony which was attended by a large gathering of friends.

The bride is the daughter of the late Mr. and Mrs. J. A. Mellor, of Western Australia, and is well known through her past position as Nursing Sister in charge of Military families in Kowloon.

The groom, Mr. Godfrey is the son of Mr. and Mrs. F. W. Godfrey of Lee, London, and is connected with the Hongkong Government as a chartered surveyor.

Lieut.-Colonel O. C. Shackleton, R.A.M.C., led the attractive bride to the altar. Her costume was created from shell pink chiffon with a long full skirt, short puff sleeves on a plain, low neck bodice. An open crown sun bonnet hat matched the gown in colour and material, and in her pink lace mittens covered hands, the bride carried a sheaf of pink gladioli.

The Bridesmaid was Miss Peggy Stoneman whose frock was of rose pink silk net fashioned in a long skirt with flounces at the hem and carried out in the puff sleeves and at the neck of the bodice. Over her head she wore a gold thread snood, and in her hands she carried a Victoria posy.

Mr. W. Bastin attended Mr. Godfrey as best man. After the early morning reception the wedding group and friends retired to the Peninsula Hotel for an informal reception.

Mr. and Mrs. A. T. Godfrey departed in the Ranchi for a trip to Malaya.

BOYS AND GIRLS!

Here's a wonderful opportunity for you to make some extra pocket money and to get a free ticket to see M-G-M's picture entitled "HONOLULU", co-starring Eleanor Powell, Robert Young, George Burns and Gracie Allen. Box Office Magazine voted it the Honour Box for the month of February in the U.S.A. in competition with five or six very fine films. The picture will play simultaneously at the Queen's and Alhambra Theatres from June 17th 1939.

All you have to do is to secure a subscription for the "Hongkong Daily Press" for a minimum period of six months from a relative or friend. For the first thirty subscriptions received, each successful contestant will receive 20 per cent. of the whatever subscription he secures as commission and a free ticket to the best seat in the Queen's or Alhambra Theatre to see "HONOLULU". After the first thirty subscriptions are received, we will only pay the commission, so send your subscriptions in early to get the free cinema ticket as well.

Each contestant can submit as many subscriptions as secured and qualify for the commission and cinema tickets.

In all, there will be four competitions of this kind, each lasting one week. For each, similar prizes will be given (except that the picture for which the free cinema ticket is presented will vary), but, at the end of the fourth competition, the "Hongkong Daily Press" will, in addition to the prizes and commissions earned, offer a special prize of \$30.00 to the competitor who has brought in the largest number of new subscribers—so long as the number is not less than twenty.

This is the Fourth and Final contest of the series and will remain in force until 12 noon on Friday, June 16th 1939.

Subscription rates for the "Daily Press" are as follows:—

Barrett, Mr. Storrs, Mr. D. R. Holmes, Mr. C. Braga and Mr. Teesdale.

The Toast to the King was made by H.E. the Acting-Governor, in reply to which Mr. Hockenhuil said:—

I would ask these guests here to-day who are our hosts in this Colony to celebrate with us as our friends and as Ladies and Gentlemen of a Republic which fosters sentiment for the British Royal Family, as manifest by the recent bestowal of the Highest Portuguese Insignia upon His Majesty.

In marking the occasion of the Royal Birthday, the British Commonwealth of Nations recognises in His Majesty the major link in the connecting chain of Empire. It is the influence for good or ill of the personality by individuality an example which characterizes 20th Century Monarchy in general and the British Monarchy in particular: and in any expression of

good-will towards His Majesty to-day, I would ask you to bear in mind the beneficent personality of George Windsor the man.

COMMON INTERESTS

Among the principal interests which our two countries share in common ranks our traditional association with the sea, both as Merchant Traders and as Naval seamen. That healthy rivalry which characterized early pioneer days has developed into a firm friendship, extending over many hundred years which makes for that close co-operation indispensable to prosperity.

It is interesting to remember that King George among his other attributes and vocations has always been an enthusiastic naval commander. In this respect I am confident His Majesty shares much in common with your Excellency.

On behalf of the British Community resident in Macao, I would express our appreciation of the facilities, both commercial and social, which are extended to us. When I say that we are not only willing but eager to cooperate in whatever manner we are able, I am sure I am speaking for each one of us.

BRITISH CADETS

I think the occasion would merit a few observations on behalf of that Body of British Government Cadets at present staying in Macao. With the profoundest sincerity I would acknowledge and express our appreciation of that hospitality extended to us on all sides. I would ask you to regard us rather than myself alone as Your Hosts to-day. We would try—and hope in some measure to succeed—to reflect that warmth and cordiality which we have enjoyed and are enjoying in Macao.

But it is my earnest wish to lay any doubts which may be lurking in the minds of any one as to the good citizenship of a British Government Cadet. When I first came to Macao, last year, I was particularly attracted by a beautiful house which I was led to believe was to let. Negotiations were opened and I interviewed the proprietress or rather the proprietress' interrogated me. In the course of this cathexis I had in all fairness to admit that my purpose in coming to Macao was to study a Far-Eastern dialect and that I had recently arrived from Singapore. Negotiations were closed inconclusively.

I subsequently learned that there was perhaps some reason to believe, from "precedent" that the "demeanour" of residents, particularly Government Cadets in British Malaya was merely characteristic of everything else that dwelt in that extraordinarily jungle Peninsula.

Whether or not, there are good grounds for this belief, I cannot say; after all I am prejudiced. I would on behalf of my Colleagues only urge that so far as we are concerned, the precedence of the past in so far as it touches upon anything unfortunate in a social

CAMOENS' DAY IN MACAO

Poet's Birthday Celebrated

(From Our Own Correspondent)
MACAO, June 10.—A public demonstration marked the observance of Camoens' Day in Macao to-day, which saw unprecedented crowds, largely represented by official and civil bodies, taking part. One of the major holidays in the local calendar, office workers and school children were given the day off.

The National flag was flown from every public building in the Colony during the day, while electric illumination kept the city brilliant until a late hour at night. At noon guns from the Monte Fort fired a salute.

The demonstration, which took place at the Grotto in the afternoon, was attended by officials and foreign guests who included H.E. the Acting-Governor, Capt. J. R. Coelho; Mr. H. Nolasco, Consul for Netherlands; Mr. A. J. W. Hockenhuil, H. B. M. Vice-Consul; Monsgr. Chow, Apostolic Prefect of Chao-Tung; Dr. Menezes Alves, Colonial Secretary, Cmdr. A. D. Ayrault, U.S.S. Paul Jones; Cmdr. Teixeira Diniz, N. R. P. Joao de Lisboa; Cmdr. S. Vieira, Harbour Master; Dr. Lacerdes, Attorney-General; Mr. Luciano Martins, Postmaster; and many others.

Following a sermon by Father Teixeira, eulogic references to the Portuguese poet were made in Chinese by Dr. Johnson Wong. The Liceu Infante D. Henrique Singers then sang a dedication tune under the direction of Mrs. A. Carneiro. The ceremony concluded with the laying of wreaths at the Grotto by the various groups, and March Past of the Military Detachment which included the N. R. P. Joao de Lisboa, Infantry, Artillery, Police, Marine Police, Mozambique Troops, and Fire Brigade.

COMMENT IN COURT

Military Officer On Gunner's Arrest

Comment on the action of the police in the arrest of a gunner of the 12th Heavy Battery, was made by an officer of the Royal Artillery in the course of a case before Mr. R. Edwards at the Central Court on Saturday.

The gunner, D. Jones, was charged with being drunk and disorderly in St. Francis Hotel on Friday night.

"It would have been sufficient to call the Military Police and let them handle the matter," remarked the officer.

Prosecuting, Detective Sergeant Cullinan said that on the night in question a taxi-driver reported that he had taken five men to the hotel and on arrival his passengers refused to pay the fares.

Following the report, Sergeant Cullinan, accompanied by a Chinese detective, went to the hotel to make inquiries. He went upstairs and found one of the five men was in uniform. The men were making a great deal of noise. They insisted that they had already paid their taxi fares and tips.

Eventually they were persuaded to go down and pay the fares. Defendant contributed 50 cents while one of the men paid a dollar.

After much ado, in which the defendant was alleged to have created much trouble, Sergt. Cullinan managed to get the defendant to the Central Charge room where the defendant was charged.

Jones, cross-examining, alleged that Sergt. Cullinan, on entering the hotel, took off his coat and told the men that if they did not pay up he would fight them all.

Took Off Coat

In reply, Sergt. Cullinan said that he took off his coat because two men had got up and moved towards him.

Jones further alleged that Sergt. Cullinan kicked him and knocked him down while alighting from the taxi at the police station. Denying the allegation, Sergt. Cullinan said that defendant, while in an attempt to escape fell down and bumped his head and knocked himself semi-unconscious.

An officer of the Royal Artillery, when called upon to testify to Jones' character, said that the defendant had only been in the Orient for a short period. His record was only a military one.

Officer's Comment

The officer further said that all the trouble and fuss could have been avoided if the Military Police had been summoned. The men would have been placed in the Guard room for the night and released the next morning when they had normal control of their faculties.

All the following then around and threatening could easily have been avoided as there were a number of Military Police in the vicinity.

While imposing sentence, Mr. Edwards said that the usual imposition for the offence was \$100 or two weeks' hard labour. After taking into consideration the action of the police officer making the arrest and other sections of the evidence, he proposed to impose a fine of \$5.

At one stage in the evidence, Det-Sergeant Cullinan said he had not charged accused with attempting to escape because he doubted if defendant knew what he was doing.

Mr. Edwards replied that on such a basis, one might say that the accused should not have been arrested for being drunk and disorderly for the very same reason.

WOMAN FOUND NUDE

Charged With Trespassing

A 32-year-old woman, named Yiu Sau-ying, was found nude in a building on Murray Path near the Detention Barracks by Cpl. J. H. Baxter, of the Military Police. As a result of the incident, she was charged before Mr. R. A. D. Forrest at the Central Court on Saturday with trespassing on military ground.

Yiu told the Court that she was married. She was on her way to see her sister, she said, when she was dragged into a building within the barrack compound by a uniformed man who tore off all her clothing.

Cpl. Baxter, who found Yiu, stated that Yiu took him to a disused building nearby where her clothing was found.

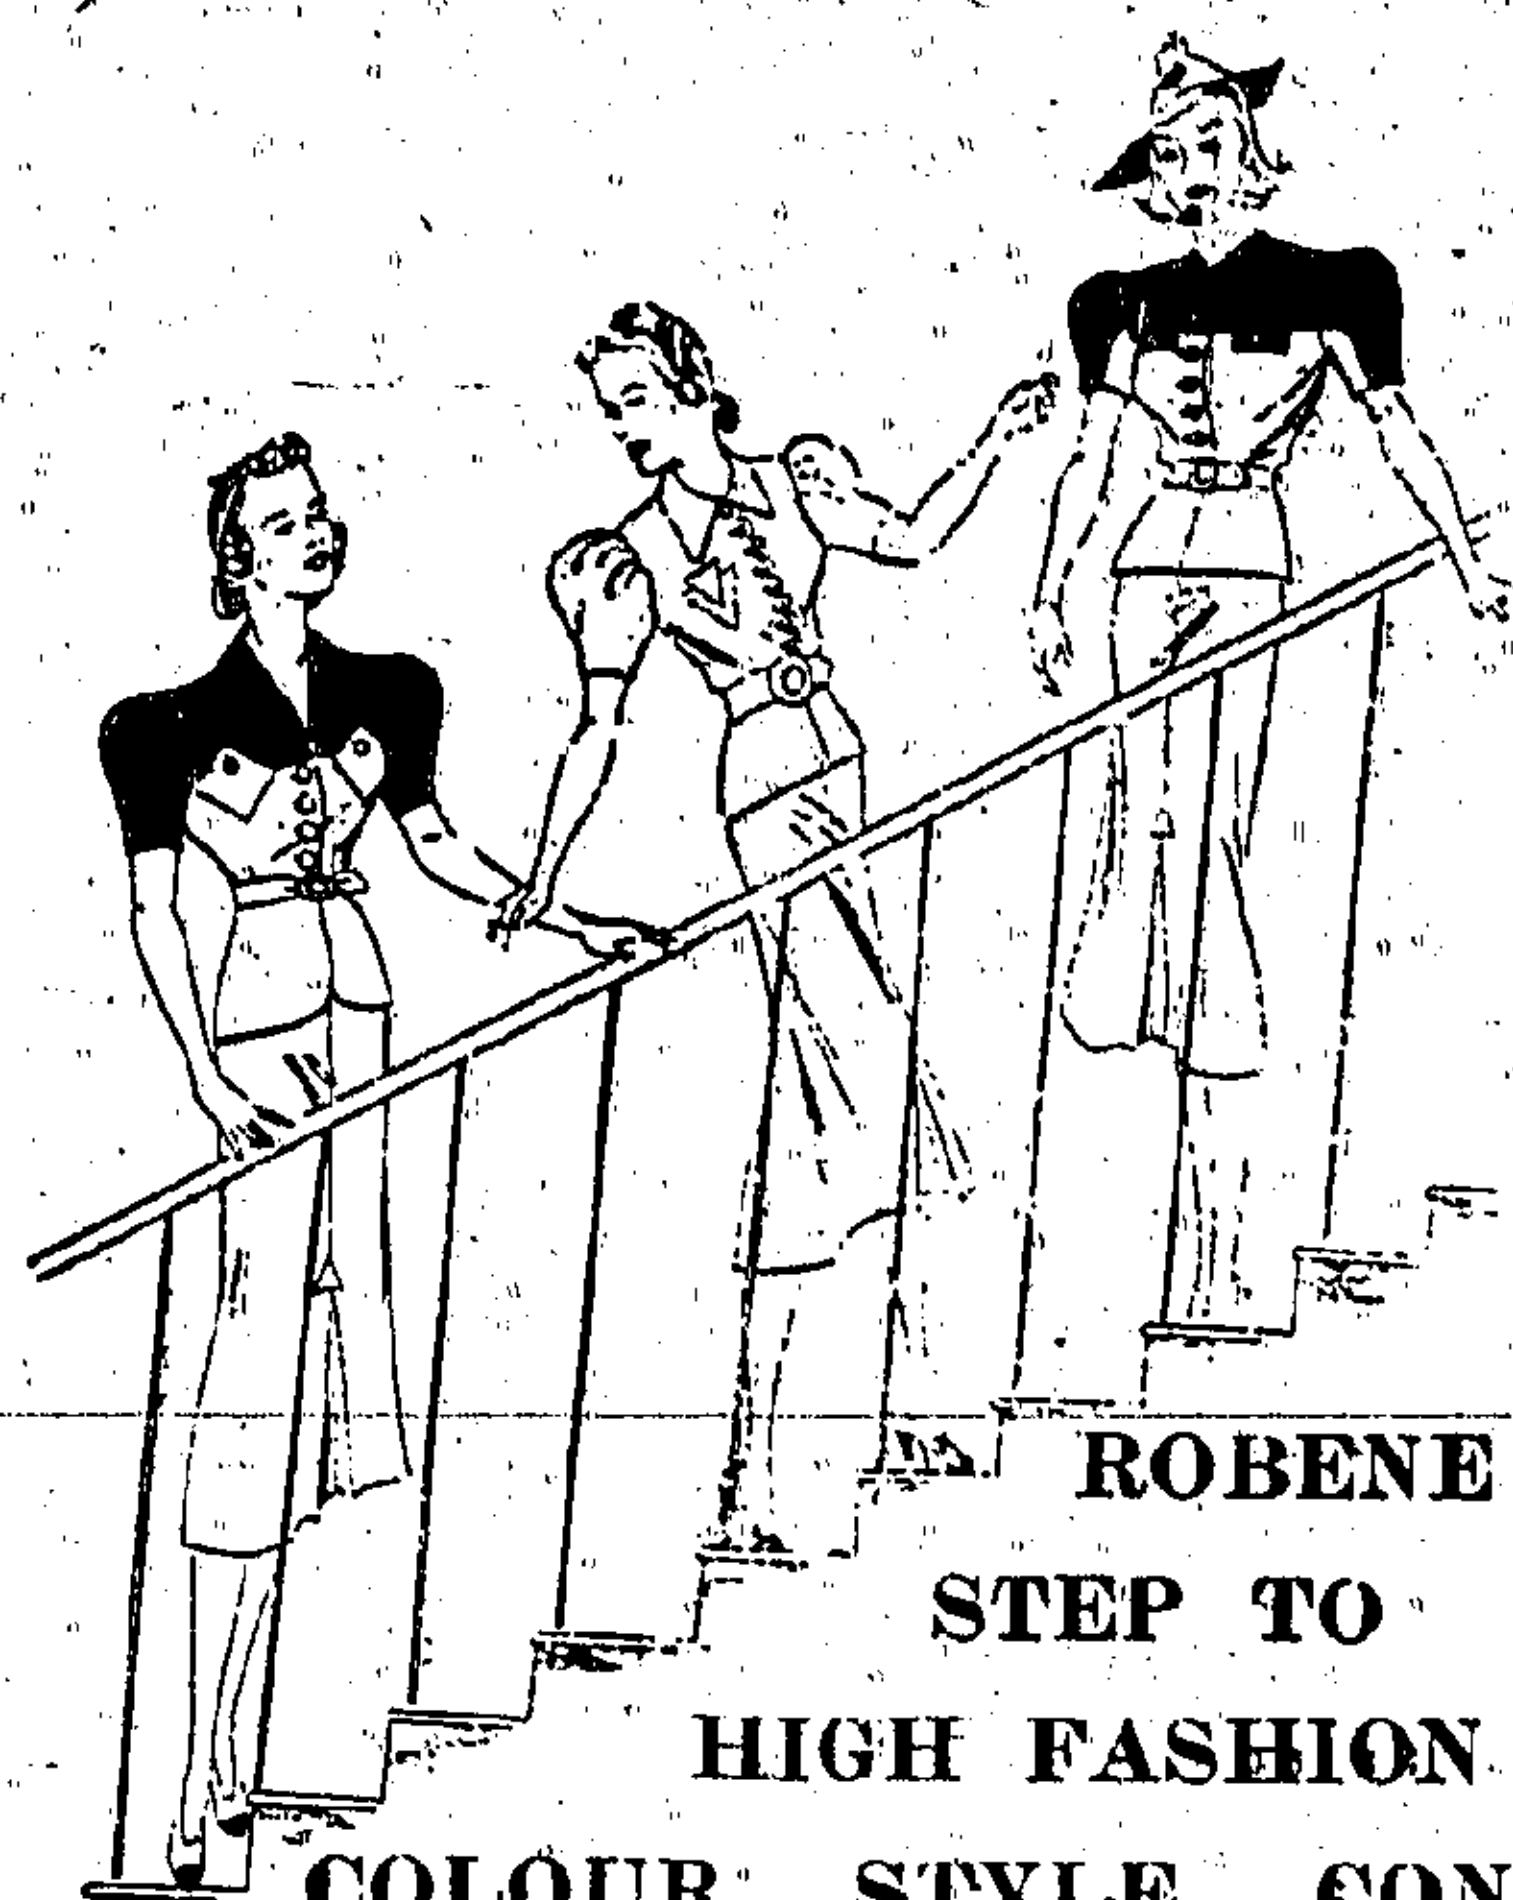

The hearing was adjourned for 48 hours.

CAR THEFTS

It was reported on Saturday that a car, No. 21, belonging to Messrs. Dodwell and Company, Ltd., was stolen between 7.15 p.m. and 9.15 p.m. when parked in Chater Road.

Police have recovered the missing car No. 5095, belonging to Mr. E. Leland, manager of the Parisian Grill.

Mrs. R. M. Wood's car, which was stolen from the Haikow Road car park, was recovered several hours later in Wong Chuk Street, about three miles from the original spot.

HONGKONG, JUNE 12, 1939

ORDER OF
ARREST

THE ARREST of Wang Ching-wei, expelled Kuomintang leader, was decreed by a mandate of the Chinese National Government on June 8. It is characteristic of the Chinese Government in the case of Wang Ching-wei that disciplinary measures and sanctions were not imposed until after Wang had taken some step which led him from being a respected leader of the Chinese people to become an outcast and an outlaw.

IN FORMER YEARS, Wang Ching-wei enjoyed considerable support in Kwangtung and South China. His following among the overseas Chinese included some who accepted him as a revolutionary against the alien Manchus. But the waning of his influence has followed upon his betrayal of the National Government and petitions from overseas communities of Chinese were showered upon Chungking demanding his arrest and punishment.

IN CHINESE political circles Wang Ching-wei was regarded as being unconvinced of China's ability to resist Japanese aggression. Generously the authorities regarded it as a matter of a man being entitled to his personal opinion. Despite this, Wang's manifestations of patriotism and devotion to his country were apparently accepted and he was named to some of the highest posts in the Government and the Kuomintang Party. In these positions of responsibility and trust he was in a position to acquaint himself with many phases of the conduct of resistance of the Government and the Military Command. To the mind of the world, for the east will appraise Wang's treasonable betrayal in the same light as the west, it is the high position held by the man in the councils of his nation that makes Wang's actions the most despicable betrayal in all history.

HISTORY is replete with cases of spies in the service of foreign countries, potential or actual enemies, who have wormed secrets from unsuspecting Ministers of State or high military officers. Some of these spies have been citizens who for enemy gold have betrayed their fellow countrymen. But this is the first case in which one of the highest leaders of a country has abandoned his people during war and gone over to the side of the enemy whose armies are locked in a death struggle with the people risen in arms, and whose battle planes are bombing to death thousands of civilian non-combatants daily.

THOSE FAMILIAR with the psychology of the Chinese will realize that, though Wang was reported to have left Chungking last December with the firm intention of joining the puppets of the Japanese, no action was taken by the National Government so long as Chinese toleration perceived a possibility of his "repentance" before taking the final and irrevocable step of serving the Japanese as a puppet. The act of expulsion from the Kuomintang was carried out to make it clear to the Chinese people and the world that Wang was speaking for himself and such misguided followers as he was able to retain. Wang went to Shanghai last month after making efforts to receive permission to conduct his

ONE MAN'S VIEWS

WHAT I THINK, NOBODY
CARES A FIG

(Special to the "Hongkong Daily Press")

IN THE MATTER OF free medical service, the poor of Hongkong seem to be well provided for through such institutions as the Tung Wah Hospital and its affiliated hospitals, the Alice Memorial and affiliated hospitals and others, including Government hospitals. The European community is provided for free of charge, at Matilda Hospital. The rich class, of course, can afford \$8 to \$15 a day at any hospital, plus their own doctor's fees, etc.

What about the middle class, specially those earning around \$100 to \$300 a month. It may be said that any one can go to a Government hospital for \$3 a day, inclusive of medical attendance and food. But the accommodation is insufficient and often a patient has to be refused. In an urgent case, a middle class patient has either to accept accommodation in a coolie ward or pay beyond his means for more expensive accommodation, and, in the case of private hospitals, he has to pay for a room, costing at least \$8 a day, plus his doctor's bill.

So much for the present, regarding hospital accommodation. What about medical service? Generally speaking, I find that doctors, as a rule, are very kind-hearted, and not a few private practitioners charge their patients according to their capacity to pay, although that capacity is often grossly overrated. But there are a few who demand "his pound of flesh" or go to another doctor. Fortunately, there are few doctors who are so hard-hearted.

A BAD SPOT

A man earning \$100 to \$200 a month with a family to keep is in a bad spot if a member of his family suffers from a disease that requires prolonged and frequent treatments. At the very cheapest, a kind doctor will probably charge him \$1 a visit at his office, but where it stings is the cost of medicine which often costs more than what the doctor charges for his services. But if the patient must be visited at home, that means at least \$2 or \$3 a visit. Assuming that a bad case may require ten visits a month, it means at least \$40 or \$50, including medicine, a huge sum to a man who must count his pennies.

There are doctors who are better business men than medical practitioners. They will ask the patients to come again and again, unnecessarily, and each visit costs the patient at the very least \$1, usually \$2 or \$3. I know a friend who had some trouble with his eyes, and visited a doctor who gave him some lotion, charging him \$1.50 only for it, and he was asked to come again in two or three days. This went on for 16 visits, and the bill for professional services amounted to \$3 per "look-see" lasting about two minutes, after my friend had to wait about an hour on the average each visit. My friend objected but he was told the fees were specially reduced.

But my friend's eyes were no better. The complaint was not serious, no swelling or pain of any kind, just a little uncomfortable. Add the bill to the cost of the lotion, etc., and you can work out the total. As my friend was earning \$200 a month, the bill to him was enormous and he could not possibly afford to pay it all at once. To a rich man \$10 a visit is a drop in the ocean.

One may ask why not go to the out-patients department at the various hospitals, where treatment is free of charge? These places are always overcrowded, and one has to wait for hours and sometimes even days before one can see the doctor. The hours donated towards this "free service" are very limited. Furthermore, I understand, these out-patients are not exactly treated gently and the doctor is not able to give each patient the necessary time and care for a thorough examination and attention.

CRIMINALLY LACKING

For the middle class of Hongkong, medical and hospital facilities provided for them at reasonable cost, are criminally lacking. Something must be done urgently. They have either to help themselves by co-operating together on some kind of co-operative, medical-aid society or depend on some generous philanthropist to provide for them a free hospital on similar lines as that of the Matilda Hospital.

In America, hundreds of co-operative societies for medical services have been successfully formed in spite of opposition by the medical profession, who, by their own stupidity in squeezing the unfortunate, has forced the people to take the necessary steps. Doctors who took up appointments in these societies have even been ostracized by the Medical Association.

In Hongkong, there is a great need for a co-operative society of the kind indicated above, and the sooner it is done the better. The success of such a society depends on large membership and I for one will be the first to join if such a society is to be formed. Perhaps there are people here interested in promoting one and much spadework must be done while difficulties galore will be encountered, but, if a sufficient group of men will work hard for it, there is no reason why a start cannot be possible.

Undoubtedly, the chief opposition will come from the medical profession, but what of it?

KWONG WAH
SPORTS

The close of the 1938-39 season of the Kwong Wah Athletic Association was marked with a sports meet last Thursday at the Kowloon Football Club ground. No fewer than 70 competitors participated in the sports and the conclusion of which Mrs. W. J. Brown distributed the prizes to the winners.

operations from Hongkong. He then proceeded to Tokyo where he arrived on June 2.

AS THE MANDATE states, "Wang engaged in high treason with known traitors and the Japanese" and for this has made himself liable as a criminal under the penal code of the Republic. For the time being, the principle of toleration is being extended to the known followers of Wang who have not actually engaged in treasonable activities which will bring them within the competence of the criminal law.

WHAT the ultimate fate of Wang will be has probably ceased to interest the Chinese, but Wang's peace of mind should be disturbed not only by his betrayal of his country but also by the physical dangers to which he has exposed himself. At the best, his existence as a tool in the hands of the Japanese Secret Service will be unenviable.

Saturday afternoon at 3.30 o'clock the wedding of Mrs. Dorothy Pratt to Sergeant Major William Bailey, of the Royal Scots, was performed in St. John's Cathedral with a colourful background provided by members of the Royal Scots in their bright uniforms.

The Very Rev. J. L. Wilson, Dean of the Cathedral, officiated.

Her afternoon frock of bright blue organza fell to the floor in a full skirt, dark Navy accessories matched the straw hat contrasting the frock in colour. The bridal bouquet was composed of violets, sweetpeas and miniature geraniums.

Mrs. M. McLaughlin attended the bride. Her frock was fashioned from printed tissue taffeta, violet and pink shades predominating. Little Miss M. McLaughlin acted as flower girl and wore a blue net dress, floor length, and a blue sun-bonnet.

Sergeant G. Edmond, Royal Scots, attended the groom as best man.

The service was followed by a reception in the Hongkong Hotel Roof Garden, after which the bride and groom departed for a short stay at the Repulse Bay Hotel. Hello & Goodbye
(BY A. W. HYER)

By the week-end the excitement of mid-week travel business had died down and there were few conveyances in and out of our harbour demanding attention.

To-day, H.M. Troopship Dunera over at the Kowloon pier will cause quite a bit of excitement at her departure this afternoon about four o'clock. There is a heavy passenger list heading for the south and England.

Air France
SATURDAY, 7 a.m. the Ville de Saigon was off for Hanoi and Marseilles.

Madame E. Delsol had a round trip, the Hanoi resident calling on a short pleasure stay in Hongkong.

Mr. S. P. Firminger, from Yokohama, and Mr. S. Dahlmann, both busy business executives, were on their way to Indo-China and North China for inspection calls.

Mr. J. M. Melson, lately arrived from England by Imperial Airways, found time to call in Chungking before his Clipper trip to the United States this week.

Off to Bangkok via Air France went Mr. E. Kinzel, quite mysteriously in a big, big hurry!

FRIDAY MORNING the Lloyd Triestino steamer came down from Shanghai and into the harbour in rain.

Mr. S. Godkin journeyed from his desk in Shanghai to inspect affairs of the China Soap Co. The Northern city is so-so!

Attired in a smart white frock and a sassy pancake white hat was Mrs. Vera Hunt, who arrived from Shanghai with her young daughter, Miss June Hunt, cool and attractive in a simple white costume. Mr. W. Hunt was down at ship-side to greet his popular family.

Dr. Romolo Angelone will pay our city a short visit. The doctor is the Italian Commercial Counsellor in Shanghai, and his call here is business and pleasure.

Mr. J. Holzer, of J. Levy & Co., and Mr. Yin Yang, of Siemens China Co., answer the call of business in Hongkong, and their stay will be brief.

EUROPE Bound
FRIDAY, 5 P.M. The big white Conte Verde went down the bay headed for Manila and European ports.

Mrs. N. V. A. Crocher, laughing and gay was on her way to Europe for a short trip. It is certainly an enjoyable manner for taking the hot weather, a nice sea ride!

BRITAIN FOLLOWING DOUBLE LINE OF POLICY, SAYS MR. CHAMBERLAIN

Removal Of Possible Causes Of War And To Build Up The Country's Strength

LONDON, June 10 (Reuter).—After stating that he was convinced that, broadly speaking, the whole country approved the policy he had been trying to follow, Mr. Neville Chamberlain, in a speech at Birmingham, said that to ensure the safety of the nation he had been pursuing two different, but not inconsistent, lines.

They were to find out and, if he could, remove possible causes of war, and to build up this country's strength so that if ever it came to discussing terms of settlement no country would be able to force us out of our weakness to accept terms dishonourable or disastrous to our vital interests.

Negotiation —Not Force

BRITAIN PREPARED FOR DISCUSSIONS WITH GERMANY

LONDON, June 11 (Reuter).—Speaking at a reception given in his honour at Birmingham yesterday, Mr. Neville Chamberlain, referred to an allusion by the Chairman about a general election within eighteen months and said that he had not made up his mind yet as to when it was going to be.

The Premier added: "As Lord Halifax said yesterday, in a remarkable speech in the House of Lords, we are still ready to discuss, at a round table, the claims of Germany or any other country, provided there seems a reasonable prospect of a real settlement."

"Only we must have confidence that there is such a prospect and such a settlement must be obtained by negotiation and not by force."

HISTORIC HANDCLASP

U. S. AMBASSADOR ON WASHINGTON GREETING

LONDON, June 11 (BWS).—Speaking on Friday in London, the United States Ambassador, Mr. Joseph P. Kennedy, described the greeting between the King and President Roosevelt at Washington on Thursday as "perhaps the most important handclasp in modern times."

The phrase is taken up by the "Daily Telegraph" in a leading article headed "Historic handclasp."

Profound Significance

This newspaper says: "As this Royal progress draws to its end its profound significance grows upon the intelligence. It is an event which has palpably affected the stream of tendency."

"It has had no concern with treaties or with politics but it has none the less influenced those imponderables which count for more in human relations than a formal undertaking."

Ungrudging Hosts

"As between the British and American peoples, things will never again be wholly as they were. America's President and people have been ungrudging hosts indeed."

"And the British people for their part are very mindful of all America has done with such a whole heart to make a British King and Queen feel at home."

"It remains for both people to see to it that the good feeling and mutual sympathy which have thus been so abundantly evoked are not allowed to become abated in depth and warmth."

PUPPET OFFICIALS KILLED

CHUNGKING, June 11 (Central).—Several puppet officials in Tansing, Hopei Province, were killed recently by armed Chinese peasants, who broke into the city in a sudden raid, according to a Tientsin report.

The Japanese order to cut the unripe wheat in many helen in Hopei Province as a precaution against Chinese guerrillas has incurred strong opposition from the Chinese farmers. They are rising in arms to defend their crop.

PEACE FRONT: NO TURNING BACK

Mr. Anthony Eden's Warning

LONDON, June 11 (Reuter).—Mr. Anthony Eden, addressing a Conservative demonstration near Warwick, said that, having decided upon a peace-front, the Government could not turn back.

Mr. Eden gave warning, too, that it would be the wildest folly not to include in that front all nations with no aggressive aims, whatever their politics.

"Regarding Russia, our dislike of Communism should not blind us to the fact that Russia is neither aggressive nor expansionist," he concluded.

FIRST WITH THE NEWS

The Clipper is due at Marseilles early on Monday afternoon and the cargo will be distributed by air-liners to the capital of Europe.

The cinemas will show the news reels on Monday night and the newspapers will print the photographs on Tuesday morning.

SITUATION IN TIENTSIN

URGENT CABLE TO FOREIGN OFFICE

SHANGHAI, June 11 (Reuter).—The China Association discussed the local situation last evening and decided to cable the Foreign Office urgently that the magnitude of the issues involved in Tientsin warranted further consideration in the matter. It is authoritatively reported that no ultimatum was presented to the British authorities but a blockade of the British Concession probably will be enforced on June 14 or 15 unless some circumstance intervenes. The majority of Japanese concerns in the British Concession have completed evacuation.

BANKS REMOVE

TOKYO, June 11 (Reuter).—First measures in connection with the isolation of the British and French Concessions in Tientsin on June 8 reported by the Domei News Agency state that branch offices of the Yokohama Specie and Chinese Federal Reserve Bank have removed from the British to the Japanese Concession.

Forty-two Japanese residents from the British Concession and 59 in the French Concession have completed the transfer of their businesses.

D.B.S. SITUATION

There was no further development over the week-end in the threatened walk-out of prefects and students of the Diocesan Boys' School who were dissatisfied with the appointment of a Formosan-Chinese of Japanese nationality, Feng Ying-kia, as head prefect. A report that seven boys had left the school on Saturday was yesterday declared to be untrue.

Ten planes of the Japanese Air Force are paying a two-day goodwill visit to Singapore next month. They are expected to arrive on July 4, says Reuter.

POLISH REPLY TO REQUEST FROM FREE CITY

WARSAW, June 11 (Reuter).—Rejecting the demand of the Danzig Senate for reduction in the number of Polish Customs officials in the Free City, the Polish Government informed the Senate that the demand was absolutely unfounded and, in the opinion of the Government, the number of Polish officials is insufficient.

WANG'S ARREST ORDER

Shanghai Supports Decision

CHUNGKING, June 10 (Central).—The National Government's mandate for the arrest of Wang Ching-wei, expelled Kuomintang leader, has won full support from the Chinese in Shanghai, according to a Shanghai dispatch.

The mandate was prominently displayed in the Chinese papers in the port city yesterday.

According to governmental circles, among the Chinese high officials who recently petitioned for the arrest of Wang were Generals Yen Hsi-shan, Pai Tsung-hsi, Cheng Chien, Chen Cheng, Hsueh Yueh, Li Hon-wan, Liu Shih, Sheng Shih-tai, Li Yang, Wang Tsan-shu, Liu Wen-hui, Chiang Ting-wen, Chu Shao-liang, Ma Chan-shan, Chang Fuh-kwei, Yu Han-mou, Huang Shao-hung, Ku Chu-tung, and Admiral Shen Hung-leh.

Another Protest In Pootung

SHANGHAI, June 10 (Reuter).—Another British protest to the Japanese authorities was delivered to-day.

DETECTIVE DIES FROM BULLET WOUND

Police Force Lose Able Officer

Detective Wan Man, who was wounded by a gangster's bullet in the Lee Yuen Street East shooting affray last Monday, died at the Queen Mary Hospital at 11 a.m. yesterday.

After the bullet was extracted on Tuesday, the condition of the detective improved and hopes were then held out for his eventual recovery. Later on in the week, however, his condition became more serious, and in spite of every attention he could not pull through.

By his death, the Police Force has lost an able and courageous officer who was extremely well liked by all his colleagues, both European and Chinese.

TIENTSIN TENSION

JAPANESE WANT FREE ACTION

TOKYO, June 11 (Reuter).—The Japanese Consul-General in Tientsin is seeking an understanding with the various foreign Consuls there regarding the Japanese decision to take free action to maintain peace and order in Tientsin.

This is according to a Japanese press message from Tientsin received to-day.

The message states that the Japanese Consul-General has approached the French, American, German and Italian Consulates regarding free action to be taken by the Japanese in Tientsin.

British Refusal

This action is stated to have been taken following the refusal of the British authorities to comply with the Japanese demand for handing over to the local Chinese authorities, four alleged assassins of Cheng Shi-kang, Chinese Customs Commissioner, who was murdered on April 9 in a theatre in the British Concession.

All foreign consular officials, adds the Japanese report, "sympathetically understand the Japanese position, and criticise the stubborn attitude taken by the British."

Tension Growing

CHUNGKING, June 10 (Central).—Tension in Tientsin arising from the rupture of Anglo-Japanese negotiations is growing, says a Tientsin dispatch.

It is alleged that the Japanese authorities have decided to blockade the British Concession. Strict restrictions will be placed upon exit of British residents from the Concession and with the exception of foodstuffs all other commodities will not be allowed to be sent into the Concession.

It is further stated that measures will also be taken to restrict British shipping in Tientsin.

In view of the increasing strained situation the Tientsin British Residents' Association decided to hold an emergency meeting to-day.

I.R.A. OUTRAGES:

SERIES OF EXPLOSIONS IN POST OFFICES: PILLAR BOXES ABLAZE: POLICE RESERVISTS CALLED OUT

LONDON, June 10 (Reuter).—A further series of bomb outrages by the Irish Republican Army have occurred in London, Manchester, Birmingham and Lincoln.

As a sorter in the London northern district office picked up a bundle of letters an explosion occurred and a number of letters and packages were destroyed, but the man was not injured.

While mailbags were being unloaded at Euston a package was found smouldering. The fire, which was quickly extinguished, was caused by a rubber bomb, and no serious damage was done.

Another bomb explosion occurred in the west and central district office.

Officers of the Special Branch of Scotland Yard combed houses in districts where Irish sympathisers live.

Special Watch

Special watch is being kept on pillar boxes and post offices throughout London, and officials have been warned to look out for cheap type envelopes bearing fictitious addresses.

Scotland Yard officers have been instructed to use every possible means to trace the headquarters of the terrorists responsible for the outrages and the person directing their operations.

Leave Cancelled

Scores of Metropolitan officers and detectives have had their week-end leave cancelled.

Meanwhile, similar explosions have occurred in Manchester, where another post office worker was injured, and at Birmingham and Lincoln.

Nine pillar boxes were set ablaze in London, and in each case explosive substances in the form of a bomb are believed to have been used.

Police reserves were called out, and all police stations in the Central London area, instructed to guard against further attempts.

ADJUSTMENT OF EXCHANGE LEVEL

CHUNGKING, June 11 (Central).—The method employed by the Control of the Stabilization Fund to adjust the exchange level is favourable to the Chinese currency. This is the opinion of Chinese banking circles in Shanghai, says a Shanghai report.

These circles point out that an adjustment will shatter the enemy's scheme to collect Chinese legal tender to buy foreign exchange, prevent any drain on the Stabilization Fund and curtail the import of foreign goods.

According to the Central Bank of China, foreign exchange to be sold according to official rates for legitimate use is allotted as usual.

WORLD OLYMPICS FOR LONDON

Committee Decides On 1944 Games

LONDON, June 9 (Reuter)—The International Olympic Committee vote recorded London for the 1944 World Summer Olympic Games. Twenty other cities were also competing for the honour among which were Lausanne (Switzerland), Rome (Italy) and Detroit (United States). Both Athens (Greece) and Budapest (Hungary) have dropped out.

Cortina D'Ampezzo (Italy) received 18 votes for the 1944 Winter Olympics.

The Swiss Olympic Committee having informed the International Olympic Committee that they found it impossible to organize the 1940 Winter Olympics to conform with the programme to which they had agreed the I.O.C. found itself reluctantly compelled to alter the venue.

Having considered all the offers and taking into consideration the fact it was only eight months before the Olympics would be held, the I.O.C. decided that only Garmisch-Partenkirchen (Germany) was ready to hold them in February next.

The Coupe Olympique, awarded annually for outstanding achievements in the development of sport and physical education has been awarded to the Union des Dederations Suedoises Olympique.

The I.O.C. awarded a special Olympic diploma to Lenz Riefenstahl the German actress for producing the Olympic film of the 11th Olympiad at Berlin.

The Committee considered the film to be an outstanding sporting film which had helped enormously to spread the ideals of modern Olympism throughout the world. After conveying congratulations to the cities of London and Cortina D'Ampezzo, the Chairman, Count Baillet Latour emphasised once again that every decision taken was outside political consideration, having in view only the interest of sport and the Olympic movement.

Germany Get 1940 Winter Games

LONDON, June 9 (Reuter)—The International Olympic Committee have decided to allot the 1940 Winter Olympic Games to Germany and these will now be staged at Garmisch-Partenkirchen instead of at St. Moritz, Switzerland.

The change was made because Switzerland refused the International Olympic Committee's demands to organize skiing exhibitions.

The Committee have decided to allot the 1944 Summer Olympics to London and the winter games of the same year to Cortina D'Ampezzo (Italy).

3. This following new sub-section is added at the end of section 4 of the Rating Ordinance, 1901:—

(5) inspect or authorize a public officer to inspect on his behalf any room or other part of a tenement, which is exempted from assessment to rates under the provisions of section 2 (1) or of section (5), in order to ascertain that such room is being used for the purposes of and as required by the said provisions, by virtue of which they have been so exempted.

4. The following new sub-section is added at the end of section 9 of the Rating Ordinance, 1901:—

(5) No person shall, in respect of any period, be liable to pay rates in respect of a tenement which is intended to be occupied and used solely for the purpose of affording protection in the event of hostile attack from the air, or for purposes auxiliary thereto, if approved by the Air Raid Precautions Officer and the Assessor, and which is not occupied or used for any other purpose.

5. Section 43 of the Rating Ordinance, 1901, is amended:—

(a) by inserting the following new sub-section after sub-section (7) thereof as amended by Ordinance No. 16 of 1931, and Ordinance No. 21 of 1938:—

(8) Every owner or occupier who uses or occupies or knowingly permits to be used or occupied any room or other part of a tenement, which is exempted from assessment to rates under the provisions of section 2 (1) or of section 39 (5), for any purposes other than the purposes authorized under the said provisions, shall be liable upon summary conviction to a fine not exceeding five hundred dollars and to imprisonment for any term not exceeding six months.

(b) by renumbering as sub-section (9) the sub-section (8) added by Ordinance No. 21 of 1938.

OBJECTS AND REASONS

1. It is considered desirable that, where a room is built in or added to a tenement or where other structural alterations or improvements are made in a tenement solely for the purpose of affording protection in the event of hostile attack from the air or for purposes auxiliary thereto, such room and structural alterations and improvements should be excluded from the rateable value of the tenement, if they are approved by the Air Raid Precautions Officer and the Assessor, so long as they are not occupied or used for any other purpose.

2. Similarly, it is considered desirable that no person shall be liable to pay rates in respect of a tenement so approved, which is intended to be, and in fact is, used solely for the purpose of affording such protection.

3. With these objects in view, clauses 2 and 4 of this Bill provide for the amendment of the

Engineering Progress In New York

The eighteenth annual report of the Port of New York Authority, which is responsible not only for activities such as usually fall within that term, but for a considerable mileage of highways, bridges and vehicular tunnels, contains a good deal of information which will be of interest to engineers.

During the year 1938, for instance, the road "loop" structure in Weehawken, which forms part of the Lincoln tunnel system, was opened to traffic. This structure practically completes the approach facilities in Weehawken and supplements the connections to various highways in New Jersey.

The express highway, which will ultimately be extended in a cutting across the Palisades, will have three traffic lanes in each direction and connections will be provided to permit other than tunnel traffic to pass to and from surface streets in the vicinity.

North Tunnel

Progress was also made during the year in the excavation of the North Tunnel, the under-river portion of which was holed through in May. For the moment, however, it appears that further work, especially on the ventilating plant, is being held up until traffic conditions warrant its completion.

At the close of the year, the constructional work on the 18th Street Tunnel, which is to form an approach to the George Washington Bridge, was almost completed, while as regards the bridge itself, construction work on the anchorage and ramps advanced steadily and must, at the time of writing, be practically finished.

Plans have been prepared so that direct passage will be possible for vehicles between the George Washington Bridge, the Triborough Bridge, and other Harlem and East River bridges; when the City's express highway system is completed.

Interesting Contrast

These changes, actual and proposed, form an interesting contrast to the slow progress made in London in spite of the fact that the Breasey report at least forms a basis upon which much-needed improvement might be built.

As regards matters other than road transport, further progress has been made with the problem of unifying and co-ordinating railway tunnel operations, though it is evident that a great deal more remains to be done.

A study was also made of the North Jersey transit system, including the origin and destination of passenger traffic, with a view to providing relief of congestion and empowering the Port Authority to finance, maintain and operate the system either directly or indirectly.

Projects are in hand for deepening the Raritan River to 12 ft. up to New Brunswick, dredging a 27-ft. ship basin at Yonkers and creating a uniform channel 14 ft. deep and 125 ft. wide in Jamaica Bay, along the northern shore of the Rockaway peninsula.

NO DEVALUING OF H.K. DOLLAR

In order to allay any uncertainty caused by recent movements in Chinese exchange I am authorised to state that the Hongkong Government has no intention of devaluing the Hongkong dollar or making any change in the policy pursued since 1936 by the Hongkong Exchange Fund.

JAPAN'S DEPLETED REVENUES

New Government Bonds To Be Issued

SHANGHAI, June 11 (Int'l)—Depleted of revenue, the Japanese Government has decided to issue bonds with face value of Yen 400,000,000, on June 13. A quarter of the total is to be accepted by the deposits bureau of the Tokyo Finance Ministry and Yen 300,000,000 worth by the Bank of Japan, according to a Tokyo dispatch.

Some Yen 10,000,000 of the amount to be accepted by the bank will be sold to the public through post offices.

Some of the new issues will be in a new form. Called "discounted bonds," they will have face values of Yen 10 and Yen 20. Other China Incident issues will have face values of Yen 25, Yen 50, Yen 100, and Yen 1,000.

The Yen 10 "discounted bonds" will sell for Yen 7 and the Yen 20 "discounted bonds" for Yen 14. Interest on these bonds will not be paid twice yearly, as in the case of the other bonds but will be held by the Government until the day of redemption, when the principal and compound interest will be turned over to the holders.

AMENDMENT

Sterling Salaries
Conversion Ordinance

The "Government Gazette" publishes the draft Bill of an Ordinance to continue and amend the Sterling Salaries Conversion Ordinance, 1937.

Be it enacted by the Governor of Hongkong with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as the Sterling Salaries Conversion Amendment Ordinance, 1939.

2. Notwithstanding anything contained in section 6 of the Sterling Salaries Conversion Ordinance, 1937, hereinafter called the principal Ordinance, the said Ordinance shall be deemed to have continued in force until the commencement of this amending Ordinance.

3. From the commencement of this amending Ordinance the principal Ordinance is to continue amended as follows:—

(i) by the repeal of the proviso to section 3 thereof and by the substitute thereof of the following proviso:—

Provided that the salaries of officers, who were absent from the Colony on leave in the first day of June 1939, for a period exceeding three months, shall, if paid in the Colony, be paid at the Treasury rate until they return from such leave.

(ii) by the repeal in section 6 thereof of the words "until the 31st December, 1938, and no longer."

OBJECTS AND REASONS

1. Section 3 of the Sterling Salaries Conversion Ordinance, No. 24 of 1937, provided for the conversion in certain events of sterling salaries paid in the Colony at the flat rate of one shilling and threepence to the dollar or sixteen pence to the pound sterling. It contained however, a proviso allowing the Treasury rate, i.e., a rate based upon a monthly average of the Bank's published rate of exchange more fully defined in section 2 of the principal Ordinance, to be paid in the case of officers absent on more than three months' leave who had arranged to draw their pay in the Colony.

2. Section 6 of the Ordinance provided that the Ordinance

INTERNATIONAL
CONGRESS

In connection with the Liege International Exhibition, the Union Belge des Ingenieurs Navals is organising an International Congress of Naval Architects, which is to be held in Liege from August 18 to 20.

Visits to the Exhibition and to works, shipyards and other places of interest are being arranged. In addition to the technical sessions which will deal with shipbuilding and with questions relating to marine and inland-water navigation.

Contributions are to be made by authorities from various countries, and the papers will deal with scientific organisation in shipbuilding, the reduction of noise and vibration on board ship, the improvement of passenger accommodation amenities, propeller cavitation, recent welding operations, propelling machinery, for ships for service in shallow waters and canals, and other subjects.

should continue in force, until the 31st December, 1938, and no longer unless otherwise provided by Ordinance.

3. Salaries paid locally have, however, continued to be paid at the rates provided by section 3 notwithstanding the absence of an amending Ordinance extending the period of operation of that section.

4. The objects of this Bill are firstly to validate the rates paid since the first of January, 1939, and secondly to fix for an indefinite period the rates provided by section 3 of the 1937 Ordinance, but to withdraw from officers proceeding on leave in the future the special concession given by the existing proviso to that section. A new proviso is substituted continuing the concession till the end of their leave of officers at present on leave who have availed themselves of it.

SHARE MARKET
REVIEW

HONGKONG SHAREBROKERS' ASSOCIATION

Saturday, June 10.
The market opened firm, and with increased enquiry for practically all stocks buyers have had to advance their bids substantially to obtain shares. Everything offering was readily taken at improving prices levels. The market has closed to-day, however, with an underlying feeling of uneasiness due to apprehension of possible repercussions regarding what must be considered as a serious fall in the Shanghai exchange. H.K. Banks, after changing hands, at \$1420 closed with business reported at \$1400. Further shares could be obtained at this price. Electrics improved to \$5.64 but later could be obtained at \$5.64. Lands came in for steady demand with sales at \$37.15 and buyers at \$37.10. A fair business has been reported in Watsons at \$8.40 to \$8.90, but later shares were obtainable at \$8.85. Trams advanced to \$17.20 but eased with buyers at \$17.15. China Lights (O) improved at \$3.90 and Providents came in for enquiry at \$4.85. Hotels were wanted at \$5.80. H.K. Docks remained steady at \$18. There has been a steady demand for Union Insurance shares and the price advanced to \$4.65.

With regard to gold mining stocks the volume of business reported on the Manila exchange appears to have dwindled to negligible proportions and prices have shown a tendency to drift downwards. San Mauricio at Ps. 1.02 lost 4 cts. and United Paracale lost 3 cts. at 474 cts. Antamol closed at 24 cts. a loss of 4 cts. North Camarines were down 2 cts. at 33 cts. Market closed quiet.

Another hot favourite's race—
Violet Queen with Mr. Raymond
riding his second win, but here the
dividend was only \$8.80.

Murray River (Mr. Hearne) was
second, three lengths behind, but
it would have been much closer
had it started better.

very well to place third, beating
Strathcarrick (Mr. "Benny"

GREAT BIGHT HANDICAP

With many less tickets on it for

a place than for a win—there were

only three starters—Tornado Star,

ridden by Mr. S. W. Pan, paid the

rather unusual figures of \$27.90

and \$34.

Derby Day (Mr. H. C. Pih) was

going strongly at the finish, but

was still 2 1/2 lengths behind the

leader, which was also full of run-

ning, at the finish.

Mr. Raymond on Aztec led in

the early stages, but, once passed

at the Village Bend, did not look

Lantau Handicap

The much-awaited "big" race—

the Lantau Handicap, provided

more thrills than had been anti-

cipated.

Shortly after the start Flyb-

night (Mr. S. W. Tang) came to

grief on the treacherous turf at

the first bend (by the stables at-

tached to the paddock), throwing

its rider heavily.

Unable to sidetrack, Mr. Y. T.

Fung on Gold Sovereign also came

downtown with his mount. He was,

however, more fortunate than Mr.

Tang, escaping unhurt. The latter

lay still on the ground and had to

be carried into the Jockeys' Room.

He was later taken to hospital,

with a broken collar bone and one

or more broken ribs.

The race itself provided one or

two moments of uncertainty, but

once round the Village Bend

Decko (Mr. L. B. Chao) looked a

good thing, and eventually got

home with two lengths to spare.

The fight for second place was

much closer. Mr. Hearne's deter-

mined riding of Clownner getting

it in a short head in front of Gold

Coin (Mr. S. C. Liang).

Mr. Chao's win brought the lucky

holder of Ticket No. 136147 in the

special sweep the small fortune of

\$83,843.20.

9.—Lantau Handicap—"D" Class

(1 Mile)

Mr. T. W. Lee's Decko, 150 lbs.
